Standard Foodbank criteria apply

If eligible, food sent to pick up point

If self isolating, delivery can be made by

milton keynes council

Local support service for Bedford Borough

Ask for help or offer help (Community Hub)

Bedford Borough Council have set up a Community Hub to support those Bedford Borough residents who are most vulnerable.

The Community Hub will deliver basic food parcels to these residents. The Hub will also collect and deliver essential prescriptions and offer a friendly link with the outside world.

BBC have set up a Community Hub to support those Bedford Borough residents who are most in need of help.

For urgent requests, please call
01234 718101

More information can be found on the Community Hub website:

Local support service for Central Bedfordshire

Support for the vulnerable

If you are vulnerable because of your age, disability, you care for a disabled child, you're pregnant or have other health conditions and your friends and family cannot help you with shopping, you can contact the council to request support.

The council will send you an emergency food parcel. This emergency food parcel should see you through a few days. Meanwhile, we will ask a local volunteer scheme to contact you and arrange to assist you with your weekly shopping going forward, until such a time as you can shop for yourself.

**If you need to contact us in an emergency,
please call 0300 300 8900.**

More information can be found on
Central Bedfordshire website:
